

Cutt-Slam Guidelines

Goal: Catch and release 4 Subspecies of cutthroat trout using fly tackle and single barbless hooks.

Rules

1. The cutthroat must be caught from legally catchable populations.
2. The fish must be caught on a single barbless fly, using fly fishing tackle.
3. The fish must be photographed with minimal stress; that is, raised above the water, photographed and then released unharmed, not photographed flopping on the bank. (Use the Keep'em wet method, see www.keepemwet.org for principles and tips)
4. The application must include a Cutt-Slam Log sheet for each of the 4 Subspecies caught along with a Cutt-Slam Certification.

How to Apply

When four different Subspecies of cutthroat are caught, send your documentation and photographs to:

Boise Valley Fly Fishers

P.O. Box 311

Boise, ID 83701

Entries need to be mailed to BVFF so that the postmark can be used to identify the order of arrival. If more than one entry is mailed on the same the board will determine the order of arrival by the flip of a coin.
